

Monday 26 January 2015

In 2015, greenspaces in and around Hulme and Moss Side are going to be brightened up with around 5 hectares of wildflower planting (thats about the size of 10 football pitches).

Our exciting project, called a Tale of Two Cities, looks to transform greenspaces using vibrant, colourful wildflower mixes in both Manchester and Liverpool.

5 Cities across the country were in the National Kew Gardens Grow Wild! Competition Final, but [a Tale of Two Cities](#) won!!

We Won! Manchester and Liverpool Wildflower Project wins National Kew Gardens Competition!!
