

As of this spring we'll be receiving regular updates from one of our hard working "tots in the field" as they try to single handedly improve Manchester's gardens!

Whilst undertaking this monumental feat, they'll also be taking time from their busy schedules to offer you some helpful hints and tips to improve your own garden.

Already we have advice sections for growing your own wildflowers and setting up bird feeders in your yard and both sets of tips can help make your garden a more attractive prospect for wildlife!

So what are you waiting for? Get stuck in!
